

Photographers for China Earthquake Relief

In the ravaging earthquake happened in Western China on 5/12/2008, tens of thousands people lost their lives. Millions of people lost their homes, families, and virtually everything they once have.

We are a group of local photographers and artists. We live in an area where earthquakes are part of our daily life. We ask you to show your support and sympathy to those who have been devastated half world away.

We collect donations for China earthquake victims on behalf of American Red Cross and other non-profits, and also Chinese Consulate General in Los Angeles. We will have auction/sales of our works/services online/offline for the victims. First one: 1:30pm-5pm 5/24/2008 at 9611 Las Tunas Dr., Temple City, CA 91780

Please join us for this effort. For most updated info and online donations, visit
